

## About This Area

Granny's Acres Conservation area is in Benton County 7.1 miles south of Warsaw. Access is provided off Highway 65 by turning onto Day Road.

The 351-acre area features a diversity of habitat including forests, savannas, woodlands and grasslands. The core 320 acres was acquired in the 1960s from the University of Missouri, but the area was land locked and public access was limited. The acquisition of a 31-acre tract in 2008 allowed the area to be opened to the public. The parking lot was built in 2009.

This area features limestone mixed-oak woodlands and glades with a high diversity of plant life. Glades feature a sparse overstory of chinkapin oak with a native grass and forb understory. Commonly seen plants include little bluestem, sideoats gama, Missouri coneflower, silky aster, and Carolina larkspur.
