## INTRODUCTION

### Scope:

This annual hunting and fishing permit distribution and sales summary includes sales data for those permits commonly known as hunting, fishing, and trapping permits. These permits are available statewide for general sports and recreational hunting and fishing activities.

Beginning on page 72, revenue from all other sources, including Miscellaneous Permit Sales, is described. Permit types such as commercial permits, special use permits, boat rental permits, and daily trout tags are included in the Miscellaneous Permit Section.

### Perspective:

Hunting and fishing permits account for approximately 17.38% of the Department of Conservation's annual revenue. Major revenue categories for Fiscal Year 2014 are as follows:

<b>Revenue Source Category</b>	<b>Revenue</b>	<b>Percentage</b>
One/Eighth % Sales Tax	\$ 107,076,439.94	58.98%
<b>HUNTING AND FISHING PERMITS</b>	<b>\$ 31,551,917.01</b>	<b>17.38%</b>
Commercial and Miscellaneous Permits	\$ 1,492,738.94	0.82%
Sales and Rentals	\$ 10,283,532.06	5.67%
Interest	\$ 384,769.33	0.21%
Miscellaneous Receipts	\$ 2,803,487.98	1.55%
Federal Reimbursements	<u>\$ 27,945,765.79</u>	<u>15.39%</u>
<b>TOTAL</b>	<b><u>\$181,538,651.05</u></b>	<b><u>100.00%</u></b>

### Permit Year Defined:

Within this sales summary, the sales data reported for the hunting and fishing permits is an accumulation based upon a "Permit Year." Before 1996, the permit year corresponded with the calendar year of January 1 through December 31. The Commission, effective with the selling of the 1996 permits, changed the "permit year" to begin every March 1 and runs through the end of the following February. The Commission changed the "permit year" to correspond with the waterfowl season, which runs until mid-January.

At the beginning of the 1996 “permit year,” the Department of Conservation implemented the Point-of-Sale method for selling permits. This new method of selling permits allows the Department to capture sales electronically, at the point where the vendor transacts a permit sale. In addition, with the Point-of-Sale method, generated revenues are drawn electronically from each vendor’s designated bank account at a predetermined time.

**Permit Distribution Methods:**

Before 1996, the Department of Conservation distributed all hunting, fishing, and trapping permits; trout and waterfowl stamps to vendors statewide either on a Commission Direct basis or through a County Distributing Agent. At the end of the 1990 permit year, the Commission eliminated County Distributing Agents for distributing permits. Effective with the issuance of 1991 permits, the Department of Conservation consigned permits directly to duly appointed permit issuing agents. During this time, the Department distributed the hunting and fishing permits to the permit-issuing agents in three separate mailings throughout the year. However, beginning in 1996, the Missouri Department of Conservation began using the Point-of-Sale permit distribution alleviating the need for paper permits and report forms.

The Department of Conservation issued Temporary Permit Books to appointed permit issuing agents, in the event the Point-of-Sale system became dysfunctional. In July 1998, the Department had a Store and Forward Program installed within the Point-of-Sale equipment in hopes to reduce the need for the Temporary Permit Book within the 1999 permit year. This program diminished the need for Temporary Permit Books. Only the Trout Park Concessionaires, due to their sales volume and isolated locations, were issued Temporary Permit Books for the 2008 permit year. The Store and Forward Program allows the issuing agents the ability to store the last permit transaction until the system becomes functional again.

In keeping with tradition, the avid hunter and angler is able to purchase their upcoming Annual Hunting and Fishing permits as early as December 1st of the existing permit year, via the Point-of-Sale terminal. This effort allows purchasers the advantage of securing permits for Christmas gift giving, as well as for their personal recreational use. The annual permits are valid from the date of purchase and remain available throughout the permit year. This effort was re-established December 1, 1998, to enhance the Department’s permit revenue, by recapturing the lost revenue on Christmas permit sales when the Point-of-Sale System was first implemented and early permit purchases were eliminated.

All remaining hunting and fishing permit types became available for sale on February 1, 2014 one month prior to the beginning of the 2014 permit year, via the Point-of-Sale terminals. The only permits not available at that time were the Fall Deer and Turkey hunting permits. Resident and nonresident fall deer and turkey hunting permits were not made available until July 1, 2014.

As of permit year 2004, landowners (resident and nonresidents) were able to obtain their permit and transportation tags from a permit issuing agent, alleviating the paperwork formerly associated with these permit types.

Beginning with permit year 2000, permits were available for purchase via phone and internet sales handled by an outside contractor. The Contractor is responsible for providing help desk services for the hunting and fishing vendors, shipping supplies, and equipment; and diagnostic assistance with the Point-of-Sale terminals that the hunting and fishing vendors use throughout the State of Missouri.

The Permit Glossary beginning on page 61, lists the majority of permit types available, but is not an all-inclusive listing. Please refer to the *Wildlife Code of Missouri* for a complete listing of all permits and prices.

**Dollar Value of Sales Defined:**

All sale figures presented in this sales summary were accumulated using the stated value of reported sales. The stated value of a permit is the price which the Department assigned for that particular permit privilege. Conservation's permit sales revenue is reduced by service fees, which permit issuing agents, retain and by any uncollectible account that develops during the permit year.

**Service Fee Structure:**

During the 2014 permit year, permit-issuing agents sold all hunting and fishing permits except those permits sold at Department areas. Department areas retained no fees where Department personnel sold permits. Department areas remitted, the entire stated value of the permit, directly into the Department's depository accounts electronically through the Point-of-Sale (POS) terminal. The permit issuing agents, for their services performed in selling permits, retain 5% commission of all permits sold at their location.

With the landowner permits being available through the POS terminal effective with permit year 2005, the Department realized the expense, time, and effort placed on the issuing agent. Therefore, the agents are awarded an additional \$0.50 per landowner permit transaction processed through their individual POS terminals.

**Future of POS**

After more than a decade of operation under the electronic point of sale permit system, in 2010 MDC began working to develop a new advanced electronic system. The first phase of this plan will be to offer permits to internet customers that can be printed at home and used immediately, with no need to print and mail permits to internet customers as in the past.

The next phase will be to develop an internet point of sale system that can be securely accessed by any permit vendor over the internet on their own computer. Permits will be printed on plain paper on vendors' own equipment, saving MDC the cost of replacing hardware every 7-8 years. Permit vendors can initially choose whether to adopt the new internet POS system or continue with the current Verifone equipment for an interim period. At the final stage of the project, all Verifone equipment will be phased out and all vendors will use the internet POS system. At this point all permits will be issued on the internet based system and printed on plain paper, resulting in significant cost savings for MDC.

**Current Distribution Profile:**

As of June 1, 2015 there were 1,150 permit issuing agents in the state.

**Permit Issuing Agent Applications for Calendar Year 2014:**

Application mailed and no response	110
Application rejected	0
Application pending (decision not made as of June 30, 2014)	2
Application accepted and no response	8
Application accepted and started selling in Calendar Year 2013	52
Application accepted, started selling and quit in Calendar Year 2013	4
<b>Total Applications Processed</b>	<b>176</b>

**NOTE:**

Beginning with the 1996 permit year, the Department began the Point of Sale Method of selling permits. Out of the existing 1,378 permit issuing agents, approximately 86% continued to provide hunting and fishing permits. As the remaining 14% closed, new issuing agents were accepted.

In reviewing the 10 year period of permit issuing agents, there has been a decrease by 16.6%, leaving 1,150 vendors who are still providing permits to hunters and anglers in the State of Missouri.

## **TEMPORARY PERMITS**

The Store and Forward Program, within the Point-of-Sale terminal, was initiated in Permit Year 1999, by the Department. This program allows the issuing agents the ability to store the last permit transaction, on the terminal, until the system is functional again. Following the implementation of this program the need for Temporary Permit Books has been alleviated.

This program has proven to be a viable tool for handling down time with the Point-of-Sale System. This represents the fifth consecutive permit year, since Store and Forward's inception, that the program has successfully retained permittee's sales information until the Point-of-Sale System was functional again. Thereby, relieving permit vendor's the necessity of issuing temporary permits.

NOTE: Effective with the 1996 permit year, anglers and hunters were provided the opportunity to buy: (1) Lifetime Hunting; (2) Lifetime Fishing or (3) Lifetime Conservation Partner permits. As of 2002, fees for these permits were revised to provide a variable scale based upon the customer's age. Lifetime permits provide a way for avid hunters and anglers to demonstrate support for MDC's mission, and for most, provide long-term savings and protection from future fee increases.

**NOTES:**

Beginning with the 2001 permit year, in an attempt to streamline the issuance of Resident Landowner Deer permits, the Department decided to utilize the Point-of-Sale system to issue and account for these permits. This step allowed MDC to record all hunting permits comprehensively in a single database. Landowner permit records had previously been maintained in a separate database, which made reporting and comparisons difficult.

Please note there is no cost associated with these permits, therefore the above permits are not included in the total permit sales reflected throughout the report. This was done in order to provide a more concise and accurate reflection of permits assigned a stated fee amount to conserve the comparison capability of prior year sales vs. the current year sales, without overstating the sales by showing these permits that do not have a fee associated or attached to the permit. However, the issuance of these permits will be reported as shown above, to retain the integrity of this report and for historical purposes.

Continuing its efforts to streamline and minimize efforts of issuing Landowner permits, the 2004 Deer Season saw the Point-of-Sale system take another leap by issuing all of the landowner permits through the automated system. As an incentive for the permit vendors, the Department established a set commission fee of fifty cents (\$.50) per landowner transaction that was awarded to the vendor for their assistance in providing this service to landowners wanting to hunt deer in Missouri.

**NOTES:** 1987 marked the beginning of the Department issuing bonus antlerless-only firearm deer permits in unit's quota that had permits remaining after the initial any-deer drawing. Hunters are required to purchase an additional deer hunting permit prior to the deer season if they are chosen for a bonus antlerless-only deer permit. This was increased to a possible two bonus antlerless-only permits in 1994.

Beginning in 1988, archery hunters were allowed to take one deer and one turkey before firearm deer season and one deer and one turkey after the firearm season.

In 1994, the Department began including a check box on the nonresident firearm deer tag, allowing them to hunt in either the regular or muzzleloading firearm season. A separate nonresident muzzleloading firearm deer permit was made available with the 1996 Permit Year.

**HUNTING AND FISHING PERMITS  
CHARGE OFFS AND BOND CLAIMS  
2010 THROUGH 2014 PERMIT YEARS**

Prior to May 1981, all permit vendors and distributing agents were included under a blanket bond which paid all losses. In May 1984, all blanket bond coverage was discontinued. All vendors after that date were required to furnish surety bonds in an amount sufficient to cover potential losses. In November 1989, the Department began to waive bonds for issuing agents with at least 30 months of satisfactory experience and a sales volume of less than \$10,000 annually. The average bonded permit issuing agent was required to have \$3,000 coverage at a cost to the issuing agent of approximately \$100 a year.

Beginning with the 1996 permit year and the implementation of the electronic POS method of selling permits, 99.6% of the permit issuing agents were no longer required to furnish a surety bond. The Department's share of the permit sales are now collected electronically from the issuing agents specified bank account. However, each existing permit issuing agent is required to furnish a refundable security deposit for a POS terminal. Existing vendors in 1995, with accounts in good standing, were required to furnish a \$250.00 deposit. Those appointed after 1995 were required to pay a \$550.00 deposit. Vendors requesting additional terminals must furnish \$550.00 per terminal, which is also refundable.

Since the inception of POS, new vendors with poor credit ratings were asked to furnish a Surety Bond or Letter of Credit. In Permit Year 2003, there remained ten (10) vendors who were required to furnish bonds to the Department. However, with the exceptional service POS provides, these remaining vendors were informed, during Permit Year 2004, to cancel their bonds at the time of its renewal date, because the previous bond requirement has been eliminated by the Department.

The following lists the write-offs for the past five years:

Permit Year 2010	\$	0.00
Permit Year 2011	\$	0.00
Permit Year 2012	\$	0.00
Permit Year 2013	\$	0.00
Permit Year 2014	\$	0.00

**NOTES:**

Beginning in 1991, the Honor System Method was implemented at some of the department areas. Lake Paho, Hunnewell and Little Dixie were first to convert to this method of using the envelopes. In 1992, Blind Pony and Pony Express also converted with James A. Reed Conservation Area converting during the 1997 season.

- (1) - Effective with the 1998 Season, sales are handled through a Concessionaire. Initially MDC retained 30% of the fees collected, up to 2003. A new concessionaire was obtained at the onset of the 2004 Season and the Department retained 35% of the fees collected on Boat Rental Sales. Due to exceptional weather, the concessionaire began selling boat rental in March and sold through the end of November 2004. The 2007 Season reverted to the Department retaining 30% of the Boat Rental fees collected.
- (2) - Midway through the 2000 Season the agreement with the Town of Newark, (Sever Lake Concessionaire) was terminated. An agreement was made with the new Concessionaire, that allowed the Concessionaire to retain 95% of the revenue received from the boat rental sales. The Honor System was implemented at the onset of the 2002 Boat Rental Season, with the Northeast Regional Office being responsible for the permits. Sever Lake now operates using a Concessionaire for boat rentals. The Concessionaire retains 70% and the Department retains 30% of boat rental fees collected.

(3) - Converted to the honor system, briefly at the onset of the 2003 season, until a concessionaire began. Department personnel responsible for the boat rental and \$5 fee collected and retained by MDC. Beginning with the 2004 Season contract was awarded to a concessionaire, with the Department retaining 5% of revenues obtained from the sales. Onset of 2005 Season management and responsibility of these permits was handled by Department personnel with the \$5 fee retained by MDC, resulting in the revenue increase shown above beginning with the 2005 Season.

- (3) Shooting range was closed from April until October 2007, due to renovations. Only skeet and trap were open during this time, as indicated in the decrease sales for range and group shooting activities.
- (4) FY10 permit sales differ from FY09 due to renovation of the range at Jay Henges CA. Renovations occurred during December 1, 2009 and October 12, 2010
- (5) Lake City Training Center added Shotgun Patterning during 2012.
- (6) Following insurance coverage changes with the Department, Parma began enforcing the requirements at the end of the 2012. Groups that used the group rate at Parma could not justify the coverage required by the Department

## ***FINANCIAL REVIEW***

### **Revenue Processing**

Missouri Department of Conservation's (MDC) Field Offices continued processing revenues, by entering money transmittals directly into SAM II. Remote field offices, continued to complete the electronic money transmittal and submit it via e-mail to the Financial Services' Revenue Unit for processing. Supporting documentation for these transmittals were faxed the same day, which allowed the data to be entered and revenue recognized on SAM II instantaneously, once the transmittal had been accepted and approved. New directives were conveyed to Field Offices, for processing revenues and billing invoices, as set by the State of Missouri's Office of Administration. Assistance to the field offices was provided by Financial Services' Revenue and Payables unit personnel.

This Management Review Section looks at the special permits issued at Department areas and by contracted concessionaires acting on behalf of the Missouri Department of Conservation.

### **Commercial Permits**

During Fiscal Year 2014 reconciled Commercial Permit Sales reflected an increase of approximately twelve percent (12.45%) from the previous fiscal year. Resident Falconry, Class II Wildlife Breeder, Resident Commercial Roe Fishing declined, while Big Game Hunting Preserves, Resident Fur Dealer, and Game Bird Hunting Preserves saw an increase in sales. All License Shooting Area books, bands and tags experienced an increase this past fiscal year with the exception of the Resident Commercial Fishing hoop and hook tags.

Renewal applications for commercial permits continue to be mailed, accepted and processed in the latter part of May, which is prior to the actual start of the new fiscal year. By doing so a timing difference is created for reporting revenue and sales for the current Fiscal Year, because some of the revenues are captured in the preceding fiscal year, and reported at that time. Thus, the amount reflected on page 79 reflects the effective permit year sales, while the amount reflected on page 72 represents the revenue collected for these permits during the timeframe established by SAM II for fiscal year reporting.

### **Boat Rental Sales**

Boat Rental Permits realized an increase in sales and revenue, during Fiscal Year 2014 of approximately a half a percent (.30%) and one percent (1.35%) respectively, as shown on page 83. A decrease in boat rentals at Duck Creek Conservation Area, as indicated on page 83, was due to weather related conditions.

### **Shooting Range Permits**

As shown on pages 86-87, shooting ranges realized a decrease in sales and a decrease in revenues of approximately five percent (-5.35%) and fifteen percent (-15.25%), respectively.

### **Daily Trout Tags**

Daily Adult Trout realized a decrease in sales and revenues collected for Fiscal Year 2014, resulting in a four percent (-4.40%) decrease from the previous fiscal year. The Daily Youth Trout Tags realized a decrease in sales and revenues collected four percent (-4.71%). Continued efforts are being made to raise public awareness of the opportunity to participate in this fishing activity provided at Missouri's Trout Parks.
